## **Firestone Tire & Service Center**

7361 Forsyth Blvd.  
(b/t Hanley and Big Bend)  
Clayton

Recommended. Bridgestone/Firestone tires plus full maintenance services. Even the most intimidated would feel at ease here. Many report very friendly service and honesty (perhaps the female employees make a difference?) Ask them to go through the invoice with you, and they'll take plenty of time to make sure you understand all the charges and everything they did. They're happy to let you shop around, but why would you?

One of the most acclaimed restaurants in the region, located in a rather unassuming place – across Big Bend from Office Depot in Richmond Heights. Pretty much everything is delicious – not too adventurous, but not at all boring – and the atmosphere is especially cozy in the winter when the fire is going.
