Registration for all other courses occurs via WebSTAC - https://acadinfo.wustl.edu

E = Courses that satisfy the ethics requirement [See Table of Contents to find list of ethics courses]

IP = Courses that are part of the curriculum for the LL.M. in IP & Technology Law degree - These courses are also open to students who are not in the IP LLM program, although some advanced IP courses may require special permission (read the course descriptions). [See Table of Contents to find list of IP curriculum courses]

Please note that the tentative course listings for Fall 2008/Spring 2009 can be found near the back of this directory. The purpose of including the second year of the two-year curriculum cycle is to facilitate planning for those students who still have two years of upper-level courses to choose. A number of courses are offered only on an alternating year basis. If there is a course you are considering enrolling in for Fall 2007 or Spring 2008, you should check to see if that same course is expected to be offered the following year. While we cannot guarantee the accuracy of the tentative curriculum list for the second year of the two-year cycle or announce the time at which each course will be taught, that list has historically been reasonably accurate and it is the best information at the time this course directory is published. The web version of this list will be updated as changes occur (see link below).

Go to the Law School’s website: http://law.wustl.edu/Registrar/index.asp?id=5546. for more information on registration, to read the “Course Changes Summary”, “Seminar Enrollment Information”, or to link to the 2007-2008 Law School Course Directory.
